

BOGAWANTALAWA

THE GOLDEN VALLEY OF CEYLON TEA
SINCE 1869

*Passionate Growers with
sustainability at heart*

THE FINEST FROM THE GOLDEN VALLEY OF CEYLON TEA

Facing the Eastern slopes of the choicest tea growing region of Sri Lanka, “Bogawantalawa” well known as the “Golden Valley of Ceylon Tea” has been the home of the finest Ceylon Tea since 1869. The pioneering Scottish Planters were drawn to this valley for its unique terroir that is best suited for high-quality leaf. With over 150 years of expertise and heritage, the passion for tea is continued by us as one of the single largest producers of tea in Sri Lanka.

Preserving the environment while combatting climate change and uplifting the lives of the tea harvesters is an integral part of our company. True to our motto of being “*Passionate Growers with sustainability at heart*”, we have made it the way of life here in Bogawantalawa.

We bring you the finest teas meticulously crafted to perfection revealing
its true origin in every sip..!

billion Cups
of Tea per
Annum**

OUR TEAS

- The world's finest all-round teas from the Golden Valley of Ceylon, since 1869.
- Grown at an elevation of 4500 to 6000 feet above sea level with perfect micro climatic conditions for fine leaf quality.
- Carefully handpicked by experienced Tea Harvesters.
- Each quintessential cup embodies the distinct characteristics of its pristine 'Single Estate' origin.

- 
- The image features three small, round wooden bowls arranged on a larger, light-colored wooden surface. The top-left bowl contains loose-leaf green tea, showing individual leaves and stems. The bottom-left bowl and the middle-right bowl both contain dark, tightly rolled oolong or black tea leaves. The background is a dark, textured surface, possibly a wooden table or wall, which contrasts with the lighter wood of the bowls and the tea leaves.
- Organic Teas certified by Control Union – EU Standards.
 - Continuous site specific development on soil, natural fertilizers and processing systems to maintain the fine leaf quality
 - Certified to the highest standards of internationally accepted and demanded accreditations for quality assurance

COMMITMENT TO QUALITY

Unique and exclusive range of Specialty teas offering a premium selection of handpicked and handcrafted artisan teas, picked from special tea trees during a particular season at selected times of the day.

RECREATING AND PRESERVING OUR RAINFORESTS

Our goal is to plant 160,000 trees per year to achieve 1,000,000 trees by 2020. We have already reached a milestone of planting more than 700,000 trees to date. This includes herbs, fruit plants, commercial and natural species.

As one of our core initiatives we practice Plantation Forestry, Social Forestry and Conservation Forestry.

TOWARDS ORGANIC FARMING

Towards organic farming is a win, win, win

Science shows that organic farming protects us from toxic pesticides and is more profitable for farmers while conserving the soil, water and biodiversity that we need to feed the world for generations to come

Our vertically integrated Organic Ingredient produce

Our In-house Organic fertilizers

SOIL DEVELOPMENT

At present Bogawantalawa undertakes the following activities to utilize natural resources rather than chemical fertilizers to protect and enhance natural soil quality and increase microbial activity.

SITE-SPECIFIC FERTILIZER

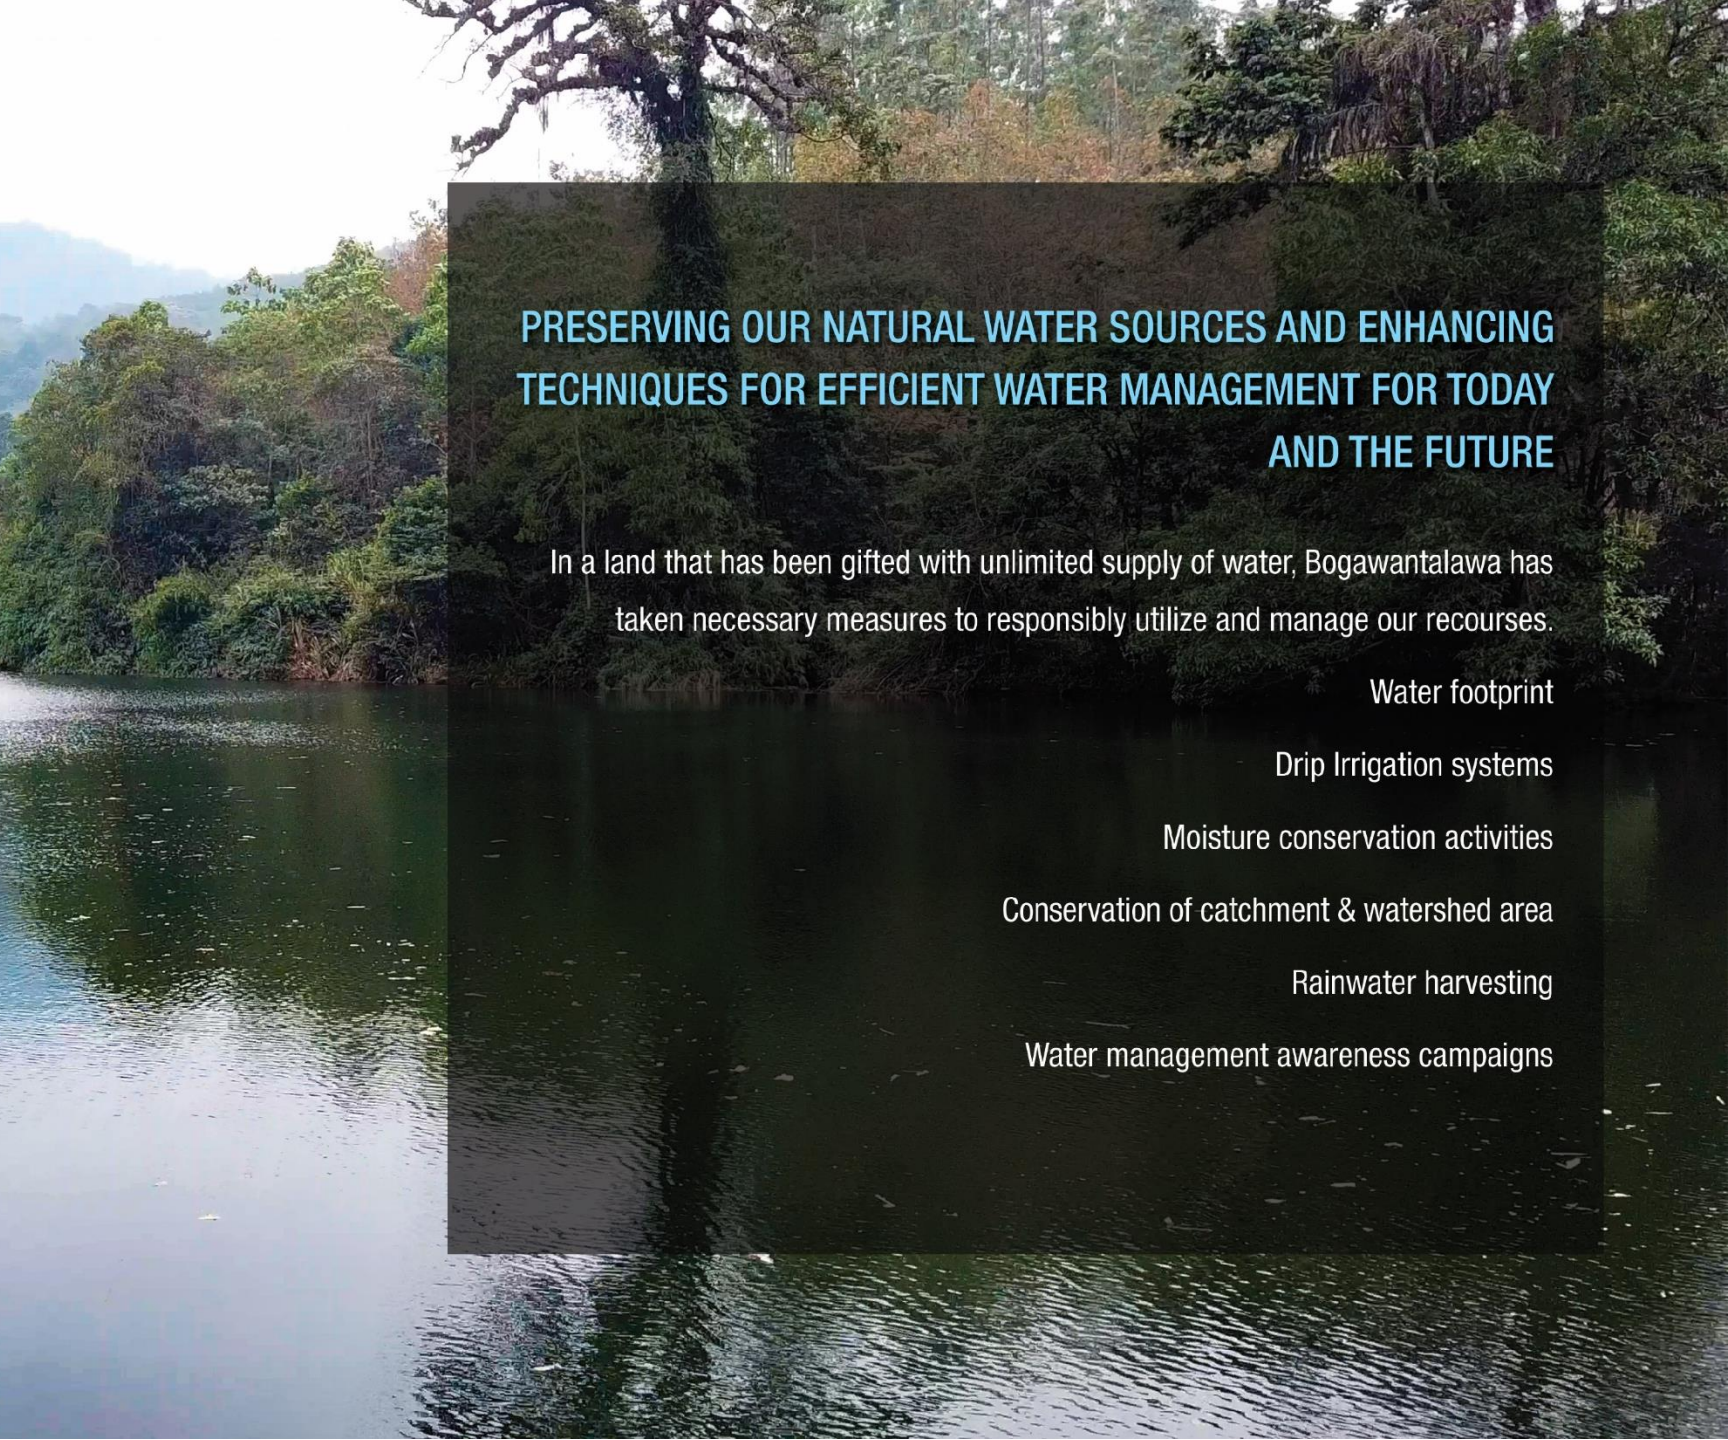

BIO FILM

COMPOSTING

MICRO SOIL

WORMY WASH

PRESERVING OUR NATURAL WATER SOURCES AND ENHANCING TECHNIQUES FOR EFFICIENT WATER MANAGEMENT FOR TODAY AND THE FUTURE

In a land that has been gifted with unlimited supply of water, Bogawantalawa has taken necessary measures to responsibly utilize and manage our resources.

Water footprint

Drip Irrigation systems

Moisture conservation activities

Conservation of catchment & watershed area

Rainwater harvesting

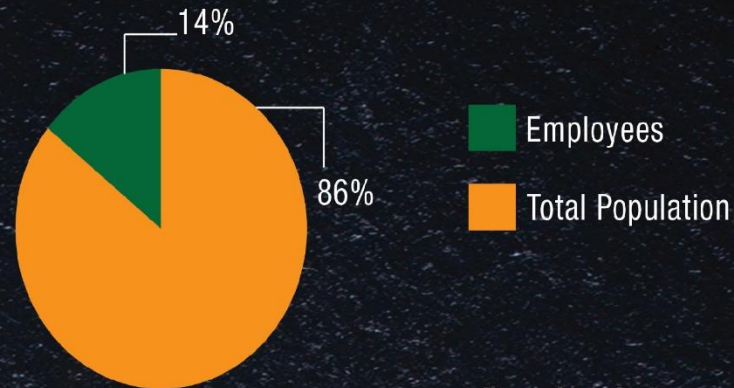

Water management awareness campaigns

IMPROVING THE QUALITY OF LIFE AS A WHOLE FOR OUR STAFF AND COMMUNITY

We have integrated social & environmental concerns into our day to day activities.

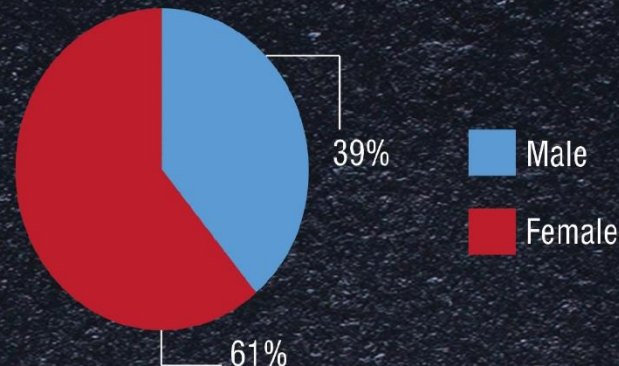

Committed to achieve business growth in ways that uphold ethical values, human dignity & environmental concerns, we encourage our employees to be innovative and proactive on sustainable development matters.

Resident Population

Even though the employee population is only 14%, the services and CSR activities offered by Bogawantalawa benefits the entire population of its estates.

Total Employees

SOCIAL SUSTAINABILITY INITIATIVES
